Commencement of Scour Protection Works at Gwynt y Mor

Duration: 8th – 18th January 2012

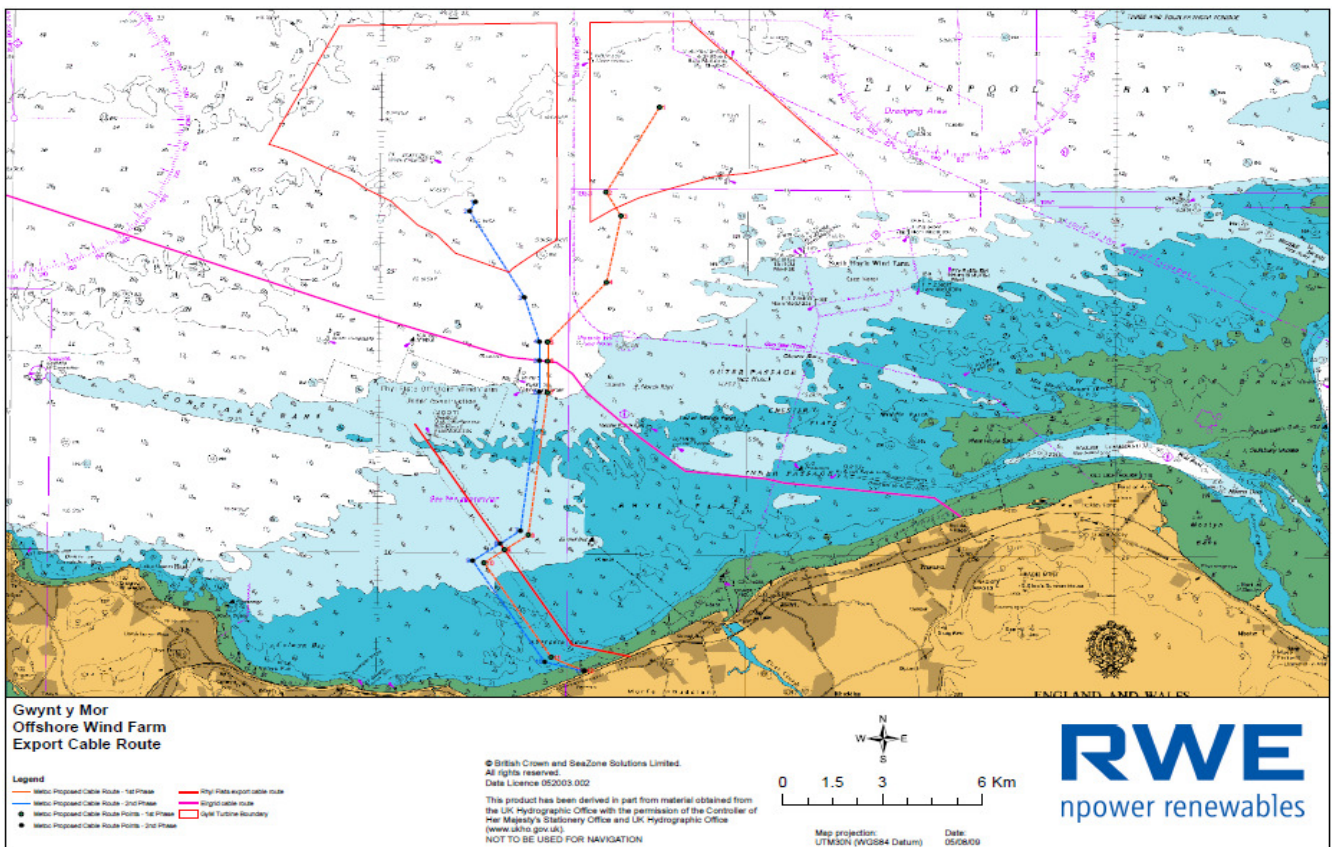

Please be advised that Scour Protection Works is expected to commence on or around the 8th January 2012. The works are expected to take approx 10 days (subject to weather).

The works will be carried out by the "DP Fall Pipe Vessel – Tideway Rollingstone".

The vessel will be operating at 11 locations within the Gwynt y Mor Offshore Wind Farm placing filter layer stones in the respective locations.

The vessel will be operated under Dynamic Positioning and all other traffic is advised to keep at least 500m clear of Tideway Rolling stone.

VHF 16 will be monitored at all times.
