Pre Installation Survey of Export Cable Route Locations at Gwynt y Mor

Duration: 24th March 2012 for Approx 10 Days

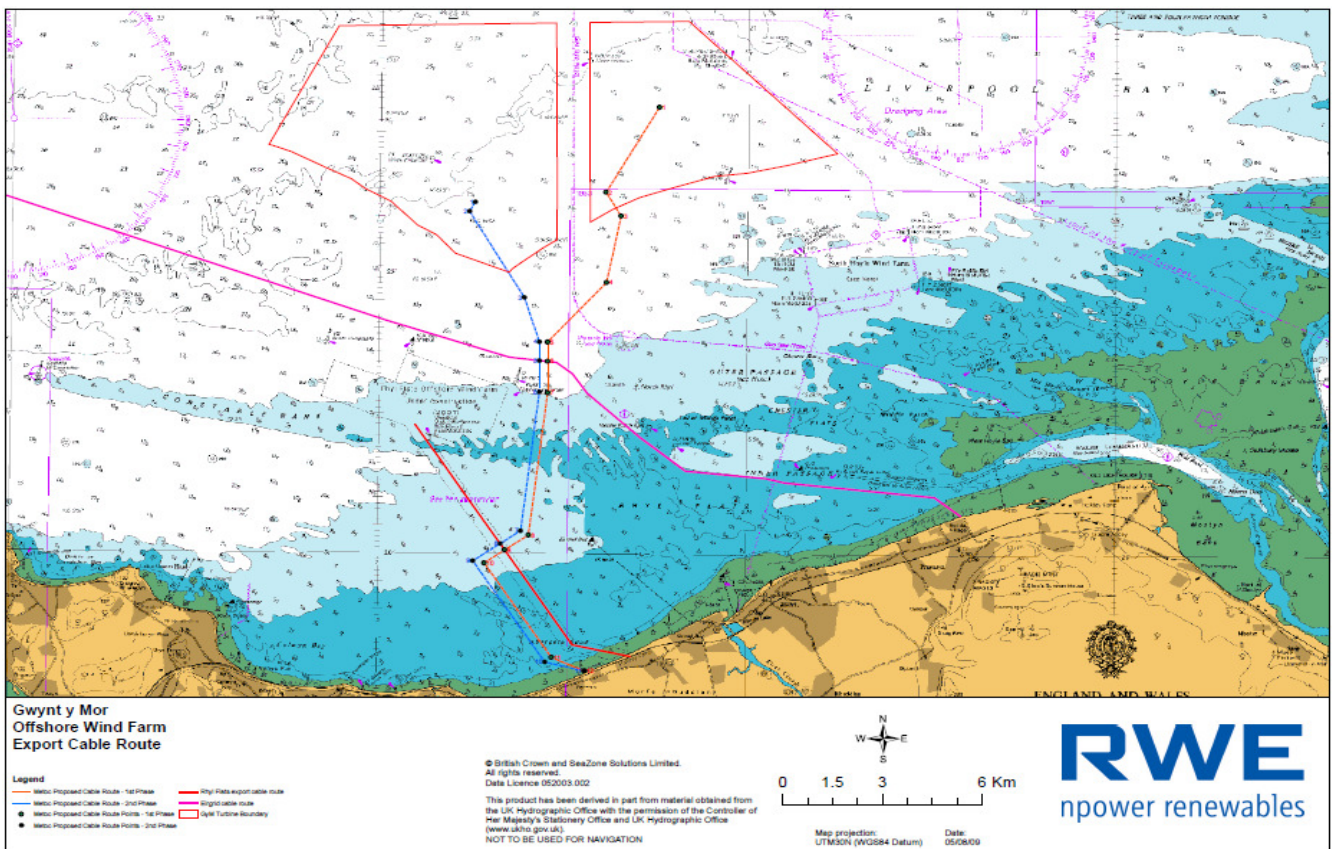

Please be advised that Pre Installation Survey Works of the proposed export cable routes will commence on or around the 24th March 2012. The works are expected to take approx 10 days. A further update will be given if the works are extended. The works will be carried out by Osiris Projects using the Survey Vessel "Freja".

The vessel will be operating + / - 25m of the proposed routes at various locations as directed between Gwynt y Mor Offshore Wind Farm and the beach at Pensarn.

The export cable routes are shown below as the blue and orange lines leading from Gwynt y Mor Offshore Wind Farm.

All vessels are asked to give "Freja" a wide berth.

VHF 16 will be monitored at all times by Survey Vessel "Freja"
