Re- commencement of Scour Protection Works at Gwynt y Mor

Duration: 3rd – 17th September 2012

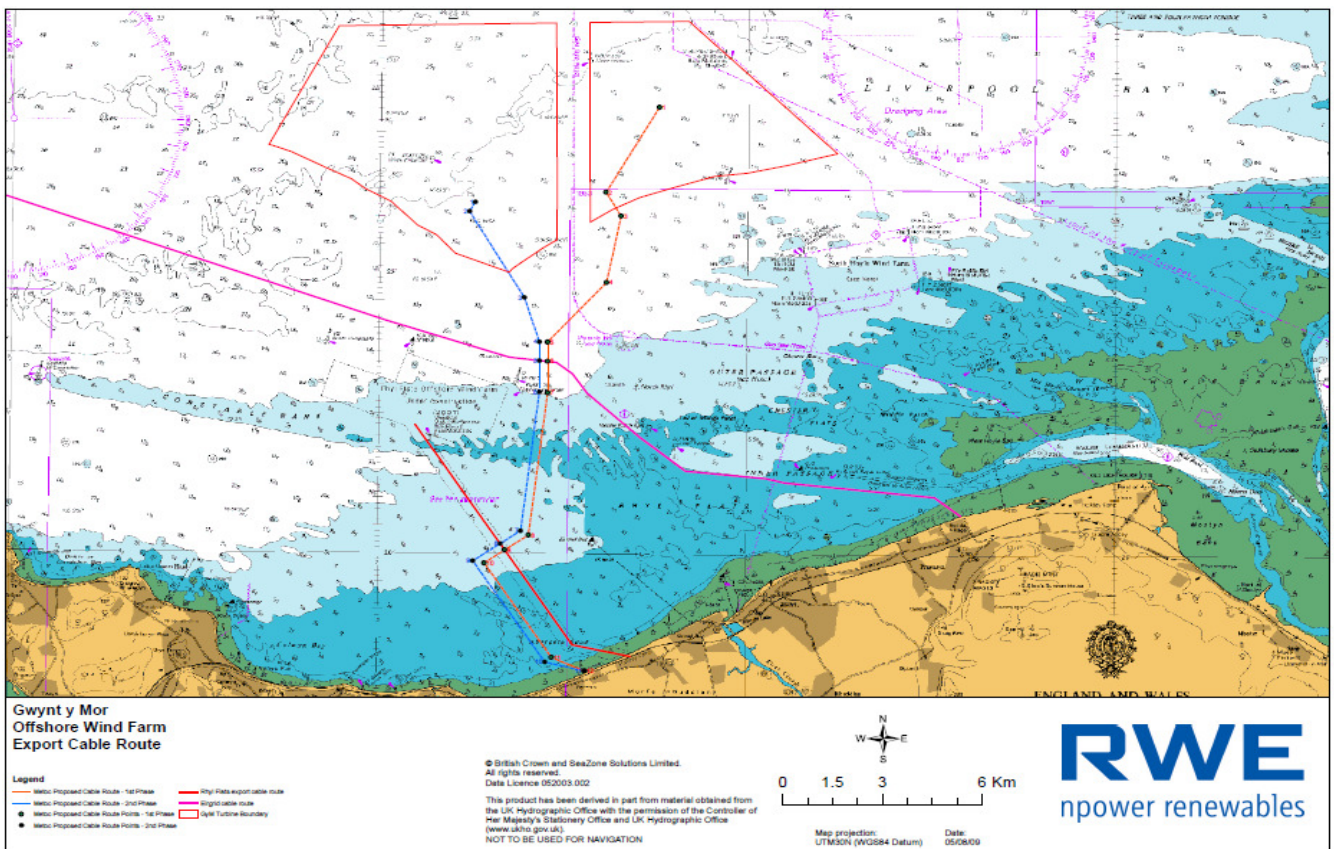

Please be advised that Scour Protection Works is expected to recommence on or around the 3rd September 2012. The works are expected to take approx 7 - 14 days.

The works will be carried out by the "DP Fall Pipe Vessel – Tideway Rollingstone".

The vessel will be operating at 22 locations within the Gwynt y Mor Offshore Wind Farm placing filter layer stones in the respective locations.

The vessel will be operated under Dynamic Positioning and all other traffic is advised to keep at least 500m clear of Tideway Rollingstone.

VHF 16 will be monitored at all times.
