No.04-2017

NOTICE TO MARINERS

RHYL FLATS OFFSHORE WIND FARM

Please be advised that Innogy will be carrying out maintenance operations including heavy lifting at Rhyl Flats Wind Farm situated off the North Wales Coast, at the below locations/co-ordinates

REF	LATITUDE	LONGITUDE
RF16	53°23.580'N	03°37.772'W
RF05	53°23.097'N	03°37.460'W
RF11	53°23.058'N	03°39.891'W

Renewables UK

Operations will commence on or around 08th October 2017 and will take approximately 14 days to complete (subject to weather delays).

Wind Server is a Jack-Up platform (Wind Farm Installation Vessel) measuring 80 metres in length by 32 metres in width. It has a 5.4 metre draft, coloured Red and white. When jacked up the Wind Server will be marked and displaying lights and day symbols in accordance with an Offshore Structure.

Mariners are requested to keep well clear and pass slowly, particularly when the craft is manoeuvring or during lifting operations.

Vessels are requested to:-

- (1) Give the Wind Server a wide berth of 500m during these operations.
- (2) Gain permission from Wind Server prior to access / approach if required within the 500m zone.

The Wind Server will be monitoring VHF channels 16 & 14

Wind Server
