The logo for Innogy, featuring the word "innogy" in a lowercase, sans-serif font. The letter "i" is lowercase and has a dot above it. The letters "n", "o", "g", and "y" are all lowercase. The logo is set against a light blue rectangular background.

Risk of cable exposure within the Gwynt Y Môr Windfarm

*Following recent surveys within the Gwynt y Môr offshore windfarm evidence of cable exposure has been observed **THROUGHOUT** the site, together with evidence of trawl scars crossing array cables.*

*As cable exposure is an identified risk at Gwynt-y-Môr and across the offshore wind industry, we would remind Mariners of the safety information found on the KIS-ORCA website '**The risks of fishing near cables and renewable energy structures**'.*

To avoid crossing cables when trawling follow the cable corridors- locations of the cables can be found on the Gwynt y Môr awareness charts via KIS-ORCA.

Distribution: As per GyM Notices To Mariners Distribution List. Please feel free to share the information.
