

PUBLIC EXHIBITION

**Deep Green (DG)
Holyhead Deep
Tidal Energy Project**

**Thursday 21st May
10.00am—8.00pm at
Holyhead Town Hall
LL65 1HN**

**Unique tidal energy project
proposed off the coast of Holy
Island, Anglesey using
underwater 'kite' technology**

The DG Holyhead Deep project design and environmental impact assessment are progressing, and you are welcome to come along to an exhibition to meet members of the Minesto team and ask any questions / provide feedback on the project proposal.

A brief presentation will be given at 6.30pm to provide a project overview and allow a group Q&A session, but throughout the rest of the day feel welcome to just drop in to browse the information posters and meet the project team.

ARDDANGOSFA GYHOEDDUS

**Prosiect Ynni Llanw
