

# NOTICE TO MARINERS

Issue Date: 14<sup>th</sup> March, 2017

## Western Link Project

### Debris Found

Mariners are advised that during the marine operations of the Western HVDC Link cable, a debris was found near the route as detailed in **Table 1**.

This notice provides its location to notify mariners and make them aware of its presence. This debris was found during PLGR (Pre Lay Grapnel Run) operations for planned cable installation works in IOM waters. It is understood that it could possibly be superstructure associated with one of the nearby historic casualties. The debris was moved off the HVDC cable route and it is currently lying in approximately 72m of water.
