The logo for Innogy, featuring the word "innogy" in a lowercase, sans-serif font. The letters are black, and the background behind the text is a light blue-grey color.

## **Risk of cable exposure within the Gwynt Y Môr Windfarm**

*Following a recent survey within the Gwynt y Môr offshore windfarm some evidence of cable exposure was observed together with evidence of trawl scars crossing array cables.*

*As cable exposure is a known risk at Gwynt-y-Môr and across the offshore wind industry, we would remind Mariners of the safety information found on the KIS-ORCA website **'The risks of fishing near cables and renewable energy structures'**.*

*To avoid crossing cables when trawling follow the cable corridors- locations of the cables can be found on the Gwynt y Môr awareness charts via KIS-ORCA.*

**Distribution: As per GyM Notices To Mariners Distribution List. Please feel free to share the information.**
