

NOTICE TO MARINERS

Issue Date: 24th March, 2017

Western Link Project

Post Lay Installation Rock Placement Works Ardneil Bay

This notice is to advise the Mariners that Rock Placement works are due to be carried out to protect exposed areas of the Westernlink cable on the section of the route in Ardneil Bay and are planned to commence late March 2017 with completion expected in April 2017.

The locations of these works are shown in Table 1 of this notice to Mariners.

The Rock Placement works are being carried out by **Van Oord** using **Ham 602** (IMO 8139388; Call Sign PENF) Rock Placement vessel.

Vessels are requested to pass at a safe speed and distance and fishing vessels are advised to remain a safe distance (approximately 1.5 nautical miles) from the areas identified. Guard Vessels have been deployed at each location to aid in monitoring the exposed areas and will advise of safe distances locally.

The vessels will monitor VHF Channel 16 at all times.

Rock Placement vessel – Ham 602

Rock Placement

Along the Western Link HVDC cable route, exposed sections of campaign 4 a&b previously communicated through notice to mariners, will be now post protected by rock placement. The vessel will have restricted manoeuvrability as she completes her work scope.

Guard vessel which has previously been stationed to monitor the cable and provide advice to mariners following the cable laying, will remain in position until all of the post protection has been completed.

Rock Placement Works Overview

The locations of the exposed sections that will be protected by rock placement are shown in Table 1 of this Notice.

Table 1 – Exposed sections & Guard Vessel Locations for Campaign 4 a&b cables.
