Issue: NtoM 03-2021 (update 1)

Date: 12-03-2021

NOTICE TO MARINERS

Rhyl Flats Offshore Wind Farm

Introduction:

Please be advised that the Wavrider buoy from Rhyl Flats Windfarm has detached it's mooring and is currently adrift within the Liverpool Bay area. It is not currently known if the buoy has it's mooring line attached. All vessels navigating within the area are advised to proceed with caution.

The waverider buoy is an 800mm diameter sphere as in the image below:

Last known position is: 53° 27.7892' N 003° 11.5767' W (reported at 09:57 GMT on 12/03/2021)

The buoy is currently reporting it's position and we will update this Notice to Mariners periodically.
