Activities

All mariners are advised that MPI Resolution will be carrying out maintenance operations at Rhyl flats Offshore Wind Farm from 29/11/2025 until 10/12/2025. These dates are subject to weather and sea conditions. Specific coordinates of locations where works occur are found below.

Requirements of Mariners

“Mariners must observe the safety zone of 500m when the MPI Resolution is attached or anchored next to RF24. It is also requested that mariners observe a distance of at least 500m when MPI Resolution is manoeuvring into position for the safety of all sea users operating within the wind farm, and to ensure MPI Resolution can safely position itself without negative interactions with sea users or their equipment.
